Here is what our 2026 parents and students say about us:

Vacational
Studies®

(names and contact details on request):

'I would like to express my most sincere and heartfelt gratitude for everything you have done for X, and for the help and support you have so generously given us this year. X has told me that this has undoubtedly been his best summer at Vacation Studies, and perhaps even the best summer of his life. I have read the T-shirt signed by his fellow students with great emotion, and I am certain that the values he has learnt, the friendships he has made and all the wonderful memories he has created there will remain with him throughout his life. I have always been convinced that Vacation Studies has contributed enormously, year after year, to X's personal development, not only academically but also in terms of the values that are helping to shape the person he is today. Thank you from the bottom of my heart for having played such an important part in making this summer so special for my son and for everything this experience has meant to him.

With the utmost respect and gratitude.'

(A Spanish parent)

'It is incredible to see that what they enjoyed most was being disconnected from their phones, meeting real people, talking, playing, and staying wonderfully busy with all the activities, from Speed Dating to Casino Night and everything in between. Thank you for helping parents feel connected to the VacStuds experience as well. You and your staff gave them an unforgettable month: improving their English, meeting people from different countries, building friendships, and enjoying every single event. The confidence, independence, and memories they have brought home are truly priceless. Thank you for the magic you create at VacStuds'.

(A Spanish parent)

'I would like to sincerely thank you for another amazing summer at Vacation Studies. It is hard to believe that this was already my third year at Vacstuds. Every year has been a wonderful experience filled with memories which I will cherish forever and where I got the chance to learn and grow on the way. I am grateful not only for the amazing memories, but also for the chance to meet so many people from different countries, for the confidence I've gained, for the opportunities you have given me, for the trust in me and for the feeling of being part of such a special community. VacStuds truly feels like a second home to me.'

(A Dutch student)

'My heartfelt thanks to you and the entire staff for the four weeks that E spent with you this year, during which they had an absolutely wonderful time, enjoying themselves immensely and especially appreciating the Prefect experience, which they valued so much that returning home felt even harder than in previous years as they truly did not want the Gourse to end. I am deeply grateful for everything you and your team do, as you have contributed positively to their personal growth and created truly lasting memories that will remain with them, and I wanted to express sincere appreciation for the care, dedication, and enriching environment you provide, with warmest thanks and recognition for all your efforts.'

(An Italian parent)

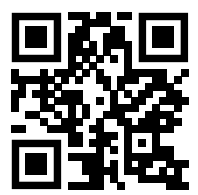

'Thank you for taking so good care of our children this summer. They both had a wonderful experience. And asked immediately if they can return another year. And we are so happy that they can get a taste of how it can be to hang out with other youths without their phones!'

(A Norwegian parent)

'He had a great time, thank you. Vacation Studies always manages to deliver unforgettable summers, and for him this is a summer that will live in his memories forever. Thank you for giving him the opportunity to experience what I did 29 years ago.'

(A UK parent)

'When I arrived in my first year, I could have never imagined the huge impact Vacstuds would have had on my life. This place is really special and it has been like a second home for me. I will always be grateful to you and Vacstuds. It has helped me in so many different ways, from improving my English to becoming a better person. I made incredible friends and met some of the most important people in my life and I will miss it every day.'
